FLAEYC AFFILIATE STORY: 2020-2021

COVID with its impact on Florida's early care and education community continued to impact FLAEYC over the past year. As we review our data from a variety of sources, including budget, membership numbers, requested services from our members, it is apparent that the pandemic has impacted this association along with our members and partners.

However, through effective strategic planning and working with our partners, we have been able to offer quality services and programs throughout the state. The Board is now working through the Board committees (Governance, Membership, Fund Development, Finance, and the Chapter Advisory Council) to review our data to set Year 2 Goals for the Strategic Plan and develop measurable outcomes for this year's activities.

The Year 1 Strategic Goals, as listed below, guided our work for this past year and through a variety of programs and services, we have met these goals.

GOALS FOR THE YEAR

- Approve and implement strategic plan
- Complete a successful virtual conference
- Complete and implement diversity strategy
- Full implementation of Leadership, Equity, Advocacy Program
- Develop and implement a fundraising plan
- Board will be active and engaged as evidenced by assessment
- Committees will be active and engaged

STRATEGIC PLAN

Beginning in late spring of 2020, the Board began working with a consultant to perform a Board assessment and then to develop a three-year strategic plan. Because of impact of Covid 19, instead of holding a face-to-face Board meeting to work on the strategic plan, we held a number of virtual meetings over a span of two months and by the Annual Meeting held at the 2020 Conference, the Board was able to present the three-year Strategic Plan to the membership.

VIRTUAL CONFERENCE

FLAEYC's 2020 Conference was held virtually and although the revenue earned was less than originally budgeted, the responses from our after-event attendees' survey showed that the conference was indeed a success. They appreciated the content of the breakout session and the quality of our keynote speaker presentations. We are using the information gained from the survey to assist with the planning for the 2021 conference, also virtual.

An important element of our conference, Conference Scholarships to over 50 FLAEYC members and non-members, generate an opportunity for developing a new Chapter as well as networking opportunities for new members. The scholarship recipients were invited to join initial networking calls that were facilitated by Raquel Diaz, a Board member as well as a Master Facilitator. She assisted them to form a Community of Practice, which then resulted in forming a New Member Chapter. From this effort, the group has formed a sharing network that utilizes the What's App and Facebook to support each other daily as they work in this challenging field of ECE.

LEADERSHIP, EQUITY AND ADVOCACY PROGRAM (LEAP)

LEAP was developed by FLAEYC to promote quality initiatives and services in a coordinated and systematic manner. All of our programs are focused on serving our members as well as helping the Board ensure every child has equitable access to high quality early education and care. The services include:

- Leadership FLAEYC- This inaugural program provided attendees with four months of classes that include key leadership course work as well as Diversity, Equity and Inclusion classes utilizing a consultant experienced within this critical field.
- Pop-Up Summits- Our conference attendee survey indicated that members truly enjoy the opportunity to network and share on a face-to-face basis. As a way of meeting this interest, we held four Pop-up Summits around the state throughout the summer. Through financial assistance from sponsors, we lined up a full schedule of speakers all experienced in the overall topic of serving children in the post pandemic period. The comments that came back to us were that the attendees appreciated the fact that FLAEYC brought trainers that usually are only seen at the state level to the local communities. We are already in the process of planning for the next round of Pop-up Summits.
- Accreditation Facilitation Program- This year was the "official" start of our AFP and we are well
 on our way to providing this service in a variety of methods. We have contracted with an
 experienced ECE professional to serve as our Quality Initiatives Specialist. We provided four
 webinars with NAEYC staff as the presenter, established a Director's Network for those either
 already accredited, in the process or interested in pursuing accreditation. We are also providing
 a monthly accreditation newsletter and a separate newsletter highlighting programs that are
 NAEYC accredited.

Fundraising Plan

The Race for Resilience was our first fundraising effort and was a success on a couple of different levels. One of the goals was to continue our brand as supporters of the ECE community and this was the impetus for the title: Race for Resilience. Our theme focused on the resiliency of the ECE community and the fact that we know that our teachers and directors will recover as we all work together to help the programs recover. Through a combination of sponsors and participants in the race, we achieved our financial goals.

Facebook Giving Program- We also were successful with our first effort with this Facebook Giving program. We will incorporate this effort in our fundraising plan for the 2020-2021 year.

Board Assessment and Committee Engagement

The Board Assessment, performed prior to the strategic planning, indicated a high level of satisfaction and understanding of Board processes and efforts. This information was useful during the summer Strategic Planning and helped the Board work effectively together to determine our challenges, opportunities, and activities that they want to accomplish this year. Additionally, during this meeting, the Board set up goals for each committee and also set up a new committee- Membership.

CONCLUSION

In review of 2020, while we have struggled with diminishing revenue and lower membership, we have been able to transition into this next year with strong state partnership relationships, an ongoing and growing social media presence that shares our chapters' activities and messages as well as a perspective that "FLAEYC is very active and engaged in the ECE community", a statement that we continue to hear from the ECE community.
